

**ODESSA POLYTECHNIC  
NATIONAL UNIVERSITY**

*Вітаємо  
з 60-річним ювілеєм!*

**Одеса, 2023**

**Dear Rector Valentin Popa!**

On behalf of the Odessa Polytechnic National University, hereby I am pleased to express on this glorious 60-th anniversary of your University foundation, our best sincere and heartfelt wishes for further creative growth, good health, happiness and further success in educational and research work to the Stefan cel Mare Suceava University teaching staff and students!

For many years, our universities have fruitfully cooperated together in European programs of Romania and Ukraine cross-border cooperation for the benefit of our countries development, establishment and deepening of mutual understanding between our peoples. As a result of such friendly cooperation, a modern international student recreation center was built on the Black Sea shore near Odessa, successful projects of the South-East Europe and Black Sea Cross Border Cooperation and Romania-Ukraine programs were implemented, the Romanian-Ukrainian cross-border cooperation educational university started its activity as part of our university.

We are sincerely grateful to the government of Romania and to you personally for both moral and practical help provided by the Stefan cel Mare University to Ukrainian citizens and our university staff during this war against the Russian aggressor, for the freedom and independence of Ukraine.

We are eager to continue our universities' friendly cooperation in the future for the sake of accelerating the Ukraine's entry into the European Union and strengthening ties with friendly Romania.

Sincerely Yours,

Odessa Polytechnic  
National University  
Rector
