Responsible for deliverable on policy risk and opportunities for biomass production on marginal and abandoned agricultural land in Germany, Spain, and Romania.

Nov. 2020/ Oct. 2022

## EDUCATION

---

**Doctorate student** - University of Lisbon and Universitatea Stefan cel Mare - European forestry policy.  
Oct. 2020 / ongoing

**Master's degree** – AgroParisTech, France.  
AETPF: Forests and their Environment.  
Sep. 2019 / Sep. 2020

**Forestry engineering** - Federal University of Paraná (UFPR), Curitiba, Brazil.  
Mar. 2013 / Dec. 2018.

**Exchange Program** – AgroParisTech, France.  
Master: Wood, forest and sustainable development M1.  
Jul. 2016 / Jun. 2017.

**Internship** - Groupe SLB - Caen (France)  
Research on biochar and vine pathology, resulting in “Protecting the vine against esca without pesticides” for master’s dissertation.  
Mar. 2020 / Aug. 2020

**Internship** - STCP Engineering. Curitiba, Brazil.  
First versions of Brazilian forests market reports for international investor and data procurement for Brazilian forest market data base.  
Mar. 2018 / Nov. 2018

**Researcher** - Laboratoire d'Économie Forestière (maintenant BETA). Nancy, France.  
Literature review on the impact of socio-economic factors on domestic energy source choice  
Mar. 2017 / Jun. 2017

**Researcher** - Forestry Economics Laboratory (LEFA) at Federal University of Paraná (UFPR), Curitiba, Brazil.  
Research on forestry economics with emphasis on the dynamics of cellulose exportation.  
Jan. 2016 / jun. 2016

**Researcher** - Biomass Carbon Fixing Research Centre (BIOFIX) at Federal University of Paraná (UFPR), Curitiba, Brazil.  
Research on carbon fixation and biomass of *Phyllostachys aurea* bamboo roots  
Feb. 2015 / Dec. 2015
